CLEANING PRODUCTS & FACILITY SERVICES

Cleaner spaces. Smarter choices.

Cleaning products and consultancy services for the people who keep facilities working.

17 PRODUCTS / 8 SERVICE AREAS / LET'S TALK

Explore. Compare. Enquire.

Open the interactive catalogue

The right tool for the task.

OZONE SYSTEMS

On-demand solution generation, handheld spraying and installed treatment.

Power Caddy, Mini Caddy, AquaPro, Ice Unit, Laundry Unit, O3 CleanPak, Fill Station

FLOOR CARE

Manual and walk-behind equipment for floor maintenance.

Excentr 30-50, Daily 45-40, Daily X1-7, 40-25B

CLEANING ROBOTS

Autonomous sweeping, scrubbing and spot-cleaning options.

CenoBots S5, L50, L4, SP50

HOUSEKEEPING

Mobile organisation for cleaning supplies.

FreshBamboo FB-M Trolley

DISINFECTANTS

Tablet-format surface disinfection.

Sklar BIOSept

Before you choose

Discuss the floor or surface, available working space, cleaning schedule and local support. Use product comparisons as a starting point, then confirm suitability for your facility.

European supply

Configuration, destination availability and supporting documents are shown separately. This catalogue does not represent blanket approval or confirmed European stock.

Compare the job, then the machine.

Autonomous cleaning

	S5	L50	L4
Task	Dry sweeping	Scrub & dry	Scrub & dry
Cleaning width	820 mm	510 mm	450 mm
Capacity	50 L debris	55 / 55 L	38 / 36 L
Listed runtime	5-7 h	6 h	4.5 h

Mobile ozone cleaning

	Power Caddy	Mini Caddy	AquaPro
Format	Mobile machine	Compact machine	Handheld sprayer
Capacity	12 / 12 gal	6 / 6 gal	350 ml
Listed power	120 VAC	120 VAC	Rechargeable battery

Figures are published specifications, not a head-to-head test. Runtime and output depend on conditions. Refer to individual pages for source links and regional notes.

Expertise for your facility.

SERVICE 01

Strategies, Planning & Built Environments

Align facilities and assets with your organisation's goals through long-range planning, workplace strategy and informed capital investment.

- Strategic Planning & Asset Insight
- Space & Workplace Strategy
- Performance & Maturity Assessments
- Capital Strategy & Prioritization

Explore this service on NorthPeak

SERVICE 02

Operational Excellence & Performance

Improve how your facility runs with clearer processes, reliable operations and stronger team capability.

- Process Optimization & Workflow Design
- Operational Assessments & Diagnostics
- Reliability & Uptime Improvement
- Operational Standards & Governance
- Team Capability & Leadership Development

Explore this service on NorthPeak

Expertise for your facility.

SERVICE 03

Smart Buildings & Technology Integration

Connect building infrastructure and technology with a practical plan for integration, digital readiness and system selection.

- Smart Building Strategy
- Systems Integration & Interoperability
- Digital Readiness Assessments
- Technology Selection & Vendor Advisory

SERVICE 06

Sustainability Programs & Solutions

Turn sustainability goals into practical programmes covering environmental performance, resource use, healthy buildings and reporting.

- Sustainability & ESG Strategy
- Environmental Performance Assessments
- Circularity & Waste Reduction
- Carbon Reduction & Net-Zero Planning
- Sustainable Operations & Efficiency
- Healthy Buildings & Social Impact
- Governance, Policy & Compliance
- Sustainability Reporting & Disclosure

Explore this service on NorthPeak

Expertise for your facility.

SERVICE 07

Advanced Data & Decision Analytics

Use building data, connected sensors and predictive analysis to inform performance improvements, planning and investment decisions.

- Data Strategy & Architecture
- IoT & Real-Time Data Integration
- Predictive Analytics & Modeling
- Performance Dashboards & Decision Tools
- Investment Optimization & Business Cases
- Spatial & Built-Environment Analytics

Explore this service on NorthPeak

SERVICE 08

Facilities Project Management & Delivery

Support facility projects from early planning through construction, commissioning and turnover, with owner-focused oversight of scope, budget and schedule.

- End-to-End Project Leadership
- Capital Planning & Strategic Advisory
- Space Repurposing & Adaptive Reuse
- Construction Management & Site Oversight
- Commissioning & Turnover

Power Caddy

CLEANCORE SOLUTIONS

Spray, vacuum and extract with one mobile unit

BEST SUITED TO

Restrooms, floors and multi-surface cleaning

- On-demand aqueous ozone
- 12 gal fresh and recovery tanks
- Carpet spot extraction capability

KEY SPECIFICATIONS

Voltage	120 VAC
Amps	15A
Weight	95 lbs
Dimensions	25" x 18" x 40"
Flow rate	0.5 GPM
Low pressure	20 PSI

EUROPEAN SUPPLY NOTES

Listed model: 120 VAC. A suitable European version has not been confirmed; do not assume direct 230 V compatibility.

Published CleanCore regulatory information covers US and Canadian references. EU conformity and intended-use documentation remain to be confirmed.

Destination availability, lead time and local support: confirm with NorthPeak.

Power Mini Caddy

CLEANCORE SOLUTIONS

A smaller footprint for mobile ozone cleaning

BEST SUITED TO

Smaller facilities and portable cleaning rounds

- 6 gal fresh and recovery tanks
- Onboard solution generation
- Spraying and extraction

KEY SPECIFICATIONS

Voltage	120 VAC
Amps	15A
Weight	72 lbs
Dimensions	25" x 16" x 32"
Flow rate	0.5 GPM
Spray pressure	10 PSI

EUROPEAN SUPPLY NOTES

Listed model: 120 VAC. A suitable European version has not been confirmed; do not assume direct 230 V compatibility.

Published CleanCore regulatory information covers US and Canadian references. EU conformity and intended-use documentation remain to be confirmed.

AquaPro Handheld Sprayer

CLEANCORE SOLUTIONS

Take on-demand spraying to the point of use

BEST SUITED TO

Tables, fixtures and small surface-cleaning tasks

- Cordless handheld format
- 350 ml reservoir
- About 60 minutes continuous use per charge

KEY SPECIFICATIONS

Power supply	Rechargeable lithium-ion battery
Operation	On-demand spray (button-activated)
Weight	~2 lbs (0.9 kg)
Dimensions	12.5" x 3.5" x 3.5"
Ozone concentration	Average 1.2 ppm
Run time per charge	~60 minutes continuous

EUROPEAN SUPPLY NOTES

European configuration and charger/input voltage require confirmation.

Published CleanCore regulatory information covers US and Canadian references. EU conformity and intended-use documentation remain to be confirmed.

Destination availability, lead time and local support: confirm with NorthPeak.

Ice Unit Treatment System

CLEANCORE SOLUTIONS

Integrate aqueous-ozone treatment into an ice line

BEST SUITED TO

Ice-machine water lines

- Wall-mounted installation
- 1.5 GPM listed flow
- Compact 4 lb unit

KEY SPECIFICATIONS

Voltage	120 VAC
Amperage	3 AMP
Flow rate	1.5 GPM
Inlet pressure	35-85 PSI
Concentration	0.75 PPM
Weight	4 lbs

EUROPEAN SUPPLY NOTES

Listed model: 120 VAC. A suitable European version has not been confirmed; do not assume direct 230 V compatibility.

Published CleanCore regulatory information covers US and Canadian references. EU conformity and intended-use documentation remain to be confirmed.

Commercial Laundry Unit

CLEANCORE SOLUTIONS

Add ozone treatment to a commercial laundry process

BEST SUITED TO

Commercial linen and laundry operations

- Wall-mounted format
- Hot and cold water line integration
- 3-7 GPM listed flow

KEY SPECIFICATIONS

Voltage	120 VAC
Amps	3 AMP
Weight	8 lbs
Flow rate	3-7 GPM
Inlet pressure	35-85 PSI
Concentration	1.0-1.5 PPM

EUROPEAN SUPPLY NOTES

Listed model: 120 VAC. A suitable European version has not been confirmed; do not assume direct 230 V compatibility.

FreshBamboo FB-M Trolley

EXCENTR

Keep housekeeping materials together on a mobile trolley

BEST SUITED TO

Housekeeping supplies and cleaning rounds

- Bamboo frame
- Integrated storage
- 54 cm listed width

KEY SPECIFICATIONS

Length	107 cm
Width	54 cm
Height	102 cm
Total weight	27.44 kg
Drawer capacity (LxWxH)	55 x 23 x 24 cm
Materials	Bamboo, PET felt, olefins, stainless steel

EUROPEAN SUPPLY NOTES

No electrical supply required. Confirm delivery, dimensions and supplied accessories.

No electrical certification claim is made for this non-powered trolley.

Destination availability, lead time and local support: confirm with NorthPeak.

Excentr 30-50

EXCENTR

A pointed work surface for access around floor obstacles

BEST SUITED TO

Hard-floor work around obstacles and fixtures

- Scrubbing, stripping and polishing
- 30 x 50 cm work surface
- 230 V / 50 Hz version listed

KEY SPECIFICATIONS

Work surface	30 x 50 cm
Weight	18 kg
Power	230 V / 50 Hz
Motor	0.37 kW
Cable	15 m, detachable

EUROPEAN SUPPLY NOTES

Manufacturer lists a 230 V / 50 Hz version. Confirm plug, exact configuration and local delivery.

Model-specific EU conformity documents have not been verified. Request the current declaration for the supplied configuration.

Excentr Daily 45-40

EXCENTR

Combine floor scrubbing with water recovery

BEST SUITED TO

Daily floor care in small to medium spaces

- 40 L clean / 45 L recovery tanks
- Flip-up deck for pad changes
- Battery configuration options

KEY SPECIFICATIONS

Battery options	50-210 Ah
Runtime	2-10 h, depending on battery
Work surface	42.5 x 25 cm
Clean / recovery tanks	40 L / 45 L
Productivity	850-1800 m2/h, manufacturer-listed
Charger	Built-in 10 A; optional 25 A

CenoBots S5 Autonomous Sweeper

CENOBOTS

Automate sweeping across larger areas

BEST SUITED TO

Large facilities with dry debris

- 820 mm cleaning width
- 50 L debris hopper
- 5-7 h listed runtime

KEY SPECIFICATIONS

Cleaning width	820 mm (32 in)
Cleaning productivity	~2,500 m2/h (27,000 ft2/h)
Debris hopper capacity	50 L (13.2 gal)
Dimensions (LxWxH)	1030 x 720 x 990 mm
Weight	130 kg (287 lbs)
Max speed	1.4 m/s (3.13 mph)
